Cogmed Payment Structure

For families and individuals wanting to know more about Cogmed and whether it might be a helpful tool, an intake can be scheduled to determine if Cogmed is an appropriate intervention. The cost of the intake is our standard \$220. Note that an intake is not necessary to begin using Cogmed.

If an intake occurred and the individual or family has decided to move forward, the \$220 fee from the intake will be applied to the program fee of \$1600.

We offer three (3) payment options for Cogmed:

1. If the total amount is paid for at one time, there will be a discount of \$50 applied, creating a new total of \$1550.
2. Payment can be made in two installments of \$800.
3. Payment can be made in four installments of \$400.

The form below can be used to set up credit card payments for Cogmed. Checks are also welcome.

Credit Card Authorization for Cogmed

I authorize Integrative Therapy of Greater Washington to charge my credit card as noted below for all appointments, including non-emergent cancellations without 24 hours notice. Additionally, my card will be charged for additional time or services provided (e.g. phone conversations lasting longer than five minutes, letter writing, record reviews, court appearances, calls to schools and other agencies, consultations with other professionals).
